Bye-bye, my love
Follow the angels around you
Let me feel easy
Easy in my soul

You're too high above
I can't go with you
But I place you
Easy in my soul

These times are hard to bear
Since you are not there
Now I must be strong
I shed all my tears
And my mind is clear now
Life is going on – oh yeah!

Bye-bye, my love
I will never forget you
'Cause I've got you
Easy in my soul

The light of your love
Will always shine on me
So easy
Easy in my soul

When it's time to say goodbye
We laugh and cry
And carry on

I'm sure we'll meet again
And hold hands
In the great beyond – oh yeah!
