

## Let's Get On The Road Again

Words & Music: Inga Rumpf

Publisher: Capriccio/WarnerChappell

Don't know what will be tomorrow  
But I know what is today  
Though we've got a lot of sorrow  
We've got to go our way

Some people are trying to put us down  
But we're just laughing about it  
'Cause if there's a tune going 'round  
We're gonna jump and shout

Let's get on, let's get on the road again!  
I said yeah, yeah, yeah, let's get on the road again!

The time that we need for a rest  
Is as long as a tune needs to fade away  
The road might strain but we give our best  
If the people invite us to stay

And one day when we're falling down to the ground  
We won't care about it  
'Cause if there's a tune going 'round  
We're gonna jump and shout

Let's get on, let's get on the road again!  
I said yeah, yeah, yeah, let's get on the road again!
