

Right On Time

Words & Music: Rumpf/Müller/Balin/Kravetz

We can take a walk by the river
We can watch the time pass by
When the sun hits the waves makes us shiver
I feel we could almost fly

We can climb up the mountain
With our hearts opened wide
The love pours out like a fountain
I feel so strong inside

Oh, baby, please, don't wait too long
I hear my senses humming
Oh, baby, please, don't take too long
I feel my fever is running

I need you by my side and I
Can feel the moment near
I know the night is coming
Soon you'll be mine
If you run to me
You'll be right on time

We can take the train to the city
We can have a drink in our bar
We're falling faster than pretty
Dancing on the head of a star
