

Since You're Gone

You made me smile
You made me laugh
You let me do things
I'd never done before
I was safe
I was sound
I lay on roses
When you were around

You took my hand
Wouldn't let me fall
I felt like we could
Make it forever
But our time
Slipped away
And all our dreams
Turned to grey

But I feel silence in my soul
When I think of you
What a precious memory
The time I spent with you

Since you're gone roses ain't just flowers
Your smile will never fade away
Since you're gone I thank God for sweet hours
And I feel okay

All I know
Is what I'm feeling
You in mind
I'm walking light
All my love
You're revealing
'Cause I know
You are by my side

I cry sometimes since you've been gone
Don't know how to carry on
But I feel your love so true
When I sing this song for you
