

The Captain And The Ship

Words & Music: Inga Rumpf

Publisher: Breeze Music

We watched the stars night by night
We left earth in our minds
It was a game of dreaming kids
You were the captain and I was your ship

Captain -
You can fly me high
To the endless sky
To the stars above
We are dreaming of

Captain -
I'll be your ship
You won't let me drift
You've got the control
When I shake and roll

It's long ago that we played games
I can't forget the rides we made
Come on, captain, let us start
You're the helmsman and I'm the craft
