

Smiling People

Words & Music: I. Rumpf/ J.J. Kravetz

Here is my love to all smiling people
'Cause there is nothing they don't understand
Here is my love to all smiling people
Just when I see them, I feel good again

One day when I couldn't do a step
Without thinking I was going wrong
And I felt myself alone
One day when I thought twice and
Everything was going 'round in circles
Then I saw smiling people

I have to see you when I'm feeling blue
'Cause with your gentle smile you tell me
More than I ever knew
Which God put his hand on your face
Or is it the freedom in your heart
That takes place?
