Well, it's springtime, everybody
I can feel it in my heart
(repeat)

You know that I love you, baby
Why must we be apart

Well, you asked me New Year's Eve
If we'll be together when cherries bloom
(repeat)

Now wintertime is gone
Cherries are blooming soon

What is a ship without a helm
What is the morning without dew
(repeat)

What is my life, my sweet darling
In springtime without you
