

## What It Is

Words & Music: Rumpf/Müller/Bohn/Kravetz

No more competition  
The time is right, you see  
Everything is pretty  
Nothing is out of sight

What a lovely invitation  
The word is here  
Don't hesitate  
Join in and be of good cheer

Yeah, baby  
Underneath the open sky  
That's where we will be  
Happy together  
Love is all we need

What a big sensation  
When love is the guide  
We will make it  
We will travel light

Everybody's got an own position  
Anywhere you can find the bliss  
Everybody's got their own field of vision  
Everything is what it is

Underneath the open sky  
That's where we will be  
Love is shelter  
Love is all we need

Underneath the open sky  
That's where we belong  
Oh, come on, baby  
Love is getting strong
