

My Own Way To Rock

Words & Music: Burton Cummings
Sung by Inga Rumpf (In The 25th Hour)

Driven up my engine
I'm like a seven-forty-seven
Shining lanky long and lean

Driven up my engine
I'm like a seven-forty-seven
Shining lanky long and lean

I'm gonna take my silver dollars
Change 'em into quarters
Shove them in a record machine

'Cause I've got my own way to rock
Got my own way to roll
And when I walk that walk
It's good for my soul
Webobaloona
Got my own way to rock
Got my own way to roll
When I walk that walk
Saves my soul

My baby said he loves me
Then he went away
And left me in an awful scene – what a scene!

My baby said he loves me
Then he went away
And left me in an awful scene – what a scene!

I'm gonna take my silver dollars
Change 'em into quarters
Shove them in a record machine

'Cause I've got my own way to rock...
