

Ain't No Hour Too Late

Words & Music: Inga Rumpf

Ain't no hour too late
Ain't no distance too far
You do what it needs
From here to the stars

Ain't no work too hard
Ain't no love too sweet
You make you all mine
From now 'til eternity

Six can be nine
I can be we
You let me know
That two can be three

Fish becomes bird
Bird becomes plane
To me it's a mystery
For you it's just a game

Ain't no dream too weird
Ain't no goal too high
You astound and amaze
You make me laugh and cry

Ain't no power too strong
No emotion too deep
You let me be yours
From my head to my feet

Ain't no hour too late
Ain't no distance too far
You show me your love
Down here and above
In vast or in small
In nothing and all
You always create
Ain't no hour too late
