

## City Jungle

Words & Music: Inga Rumpf

Pretty girls in town  
Are a special kind  
Like the jungle flowers  
They are sweet and wild

They hold up their heads  
Towards the sunny side  
All these long-legged women  
Got nothing to hide

Reach out for the sky  
Dirty blocks so high  
Either live or die  
Nobody hears your cry

City jungle  
City jungle  
City jungle  
Life is easy in the comfort of the light

See that little girl  
Playing in the street  
She's got all the wisdom  
Of the city heat

With a fear inside  
She takes what she gets  
A little love and sunshine  
For the little kids

Ready for a fight  
Trouble day and night  
Either live or die  
Nobody hears your cry
