

Let The Children Live

Words & Music: Inga Rumpf

They play in the backyard
Where the sun never shines
Lying on a grass spot
Will be charged like a crime

In this grown-up world
Children's souls gonna die
Children get older
Make the whole world gonna cry

Oh, let the children live
Yeah, let the children live

Some live in a castle
And some live in a den
Some live in nowhere
Tryin' to find childhood again

This is a mean old world
Makes the souls gonna die
Children get older
Make the whole world gonna cry
