When the sun shines  
Make me happy  
Take me for a ride

Be my friend  
Make my day  
On your motorbike

Oh yeah  
Be my friend, be my saint, be my loverman

When it's raining  
Make me dreamy  
Turn magic wheels

Be my saint  
On your way  
Break seven seals

Please, please  
Be my friend, be my saint, be my loverman

You've got the rhythm  
I've got the blues  
You've got the paper  
I've got the news

Today is today  
Just treat me right  
Tomorrow I'm yours  
When you are mine tonight

In the nighttime  
Take me serious  
I'm a lioness

Be my loverman  
Make realize  
Oh yes, yes, yes

Come on  
Be my friend, be my saint, be my loverman
