

One World

Words & Music: Müller/Rumpf
Publisher: Antenna/Universal

We can cross the high sea
We can fly through the sky
We can move every mountain with faith

Every wall has a door
Every spring moulds a stone
Every word we can hear with our heart

It's all in us together
And it's time to release
What's waiting to lead us to one

'Cause it's one world we live in
Only one word we're giving
That's love

There is no one alone
We can win every game
When we know that there is no loser
