

Remember

Words & Music: Niko Müller/Inga Rumpf

Publisher: Plaene

Rising sun, glittering sea
Hopeful singing, blooming tree
Tears of love for a newborn day
Playing children on their way
Every morning when I'm getting up
I remember you

Cloudy sky, falling rain
Longer roads, longer lasting pain
Destination, no return
Much to know is much to learn
Every evening I'm walking on
I remember you

I remember you
And I want you near
I remember you
And I wish you were here
To remember me, ooh
I remember you

Silent soulgards, twilight sleep
Spirit sounds in dreams so deep
Waiting for my inner call
All in me and all in all
Every night when I go to bed
I remember you
