

## **There's Always One Who Loves You**

Words & Music: Inga Rumpf

There's always one who loves you  
And who's standing by your side  
There's always one who needs you  
And who makes you feel all right

Harder times they might come  
You can't take it all alone  
Please, let me be the one  
Helping you to carry on

Let me be the one who loves you  
And who's standing by your side  
Let me be the one who needs you  
And who makes you feel all right
