

We Can Sing A Song

Words & Music: Rumpf/Müller/Kravetz

Publisher: Antenna/Universal

My people listen
For you I sing this song
Lend me your ears
My heart is getting strong

Life is a wonder
For those who comprehend
Souls live in freedom
Like water runs unbent

The whole wide world is living
We know where we belong
When all the rivers are flowing
We can sing a song

My baby loves me
For inner truth and faith
And I love my baby
Together we get grace

Life is a wonder
For those who understand
We live in freedom
Our souls will be unbent

The whole wide world is living
You and I are one
When all the rivers are flowing
We can sing a song

Here are the days for giving

We see the truth beyond
When all the walls are falling
We can sing a song
