

## **When I Fall In Love**

Words & Music: Kravetz/Rumpf/Müller  
Publisher: Antenna/Universal

You ask yourself  
Where is the power coming from  
Leading you day by day  
So you can be clear and strong

There's an angel standing right next to you  
And it's sure that it will be true to you  
And in the evening  
Everything is said and done

You ask yourself  
What makes you see the light in the dark  
Out of the bottom of a valley  
You rise up

There's an angel giving you a little clue  
And you'll know what you're gonna do  
In the morning, when you wake up  
All the work is done

When I fall in love  
I'm falling deep  
I can't get enough  
Cause love's so sweet

When I fall in love  
Time goes slow  
A voice above says:  
Let it go

You ask yourself  
What is this seeking all about

There is a voice inside you singing  
Clear and loud, yeah, yeah, yeah

There's an angel giving you trust and grace  
You can feel all the love and faith  
In the morning, when you wake up  
All your dreams are true
